Dear Mr. Cox:

Please find attached a letter from Iron County Attorney indicating their willingness to assume easements and mining claims on the haulage road and for sanitary land fill.

The necessary documents were forwarded to Iron County on April 1, 1985.

Would you please send me a file letter on your visit to Desert Mound on Monday the 15th of April.

Thank You,

Roy Benson

RE: DESERT MOUND MINING CLAIMS

Dear Mr. Benson,

My records indicate that there was correspondence with your company concerning the acquisition of the mining claims owned by U.S. Steel in the Desert Mound area, Iron County, Utah. My records indicate that a letter was drafted by our office, and then forwarded to one of the commissioners for changes. I am unsure whether or not that letter ever got to you.

I can state that Iron County does desire to acquire the claims in question in exchange for assumption and maintenance of easements owned by U.S. Steel.

My office is anxious to complete the arrangements mentioned above, but at this point we have no legal descriptions of the Cora, Lindsay, Belgium, Wanderer and Little Allie claims. Neither do we have legal descriptions of those easements which Iron County would be required to obtain and assume responsibility for.

I would appreciate your contacting me at the above address or telephone number with the necessary legal information so that our office can prepare the mentioned documents.

Respectfully yours,

Scott Thorley
